Concept

One to One Meetings

abe pre-arranges meetings for the supply chain, procurement, technical teams, suppliers and contract manufacturers based on their own choices prior to the event. This is an outstanding tool to save time, meet the right people and discuss their requirements and capabilities in just 2 days.

Conferences

Automotive Meetings Queretaro offers a must attend conferences program. These are excellent opportunities for professionals to share experiences and better comprehend the market scientific, industrial, technical and commercial evolutions.

OEMs procurement & supply chain policies sessions

These sessions are exclusively presented by large OEMs. They aim to provide the industry a deeper understanding of the OEMs supply chain strategies. A rare occasion for the suppliers who are ready to cope with ongoing or future changes.

Workshops

These presentations focus on either technologies or products. This is a chance for the audiences to increase and optimise their market knowledge. Automotive Meetings Queretaro emphasizes on the combination of targeted one to one meetings and awareness of sector evolutions.
